Description

Become part of an established transportation network in the canton of Zurich.

You can expect stable income, direct contact with clients, and participation in the development of our new mobile transfer application, which will make your daily work easier, more organized, and more profitable.

The position is offered through a Bulgarian employer, while the work itself is performed for a Swiss company.
Bulgarian citizens can obtain a 5-year work visa and benefit from a variety of advantages.

Responsibilities

- Safe and professional transport of passengers within the canton of Zurich
- Maintaining the vehicle in good technical and hygienic condition
- Polite and professional customer service
- Adhering to traffic regulations and internal company standards

Qualifications

- Valid **Category C driver's license** – a legal requirement for transporting passengers in the canton of Zurich
- **Financial ability** to cover initial expenses when applying for a work visa (3 trips to Switzerland, administrative fees, medical examination, criminal record certificate)
- Serious and responsible attitude toward work
- Motivation for stable income and professional development
- Readiness for relocation and work in Switzerland
- **No language skills required**

There are **no age restrictions**.

Job Benefits

- Stable and predictable income in a well-established market with high demand
- Opportunity for long-term employment

- Career development in Switzerland without initial foreign-language knowledge
- Flexible working hours
- Support throughout the visa application process
- Employment through a Bulgarian employer, simplifying administrative procedures
